DOGUE CONSOLE
F13-108

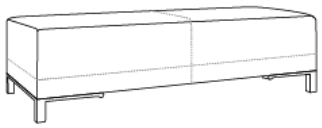

Cast, Smooth Bronze console with a waxed Black Patina finish. Designed by Eric Schmitt for LIAIGRE.

This piece is cast Bronze. The finish is meant to age and patina with use. This patina may rub onto lighter surfaces. Protective material, such as felt, is recommended. The casting process may cause pitting to occur in the surface, this is not considered a defect or flaw.
Customs not available.

NAJA COFFEE TABLE
F12-219

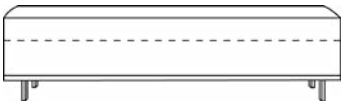

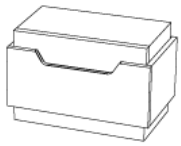

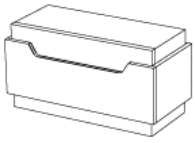

Solid Smooth Bronze coffee table aviailable in a waxed Black Patina finish or Polished Bronze finish. Designed by Eric Schmitt for LIAIGRE.

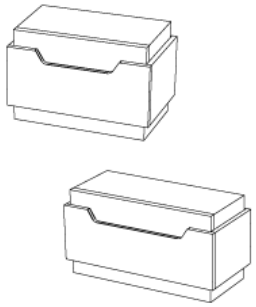

This piece is cast Bronze. The Black Patinaed version is finished with a hand applied patina and tinted wax. The finish is meant to age and patina with use. This patina may rub onto lighter surfaces. Protective material, such as felt, is recommended. The casting process may cause pitting to occur in the surface, this is not considered a defect or flaw.

NAJA COFFEE TABLE F12-219			
	Solid Smooth Bronze coffee table aviailable in a waxed Black Patina finish or Polished Bronze finish. Designed by Eric Schmitt for LIAIGRE. This piece is cast Bronze. The Black Patinaed version is finished with a hand applied patina and tinted wax. The finish is meant to age and patina with use. This patina may rub onto lighter surfaces. Protective material, such as felt, is recommended. The casting process may cause pitting to occur in the surface, this is not considered a defect or flaw. Origin: EU

TEKKA SIDE TABLE
O06-305

Laki Stone side table.

Lava Stone tables may patina over time and the natural gray color of the stone may begin to appear on the surface. This is part of the natural aging process and not considered a defect or flaw. Please refer to our Care and Cleaning guide for more information. The patina may rub off onto lighter surfaces. Protective material, such as felt is recommended under these items.

LAGUNE LANTERN
L25-471

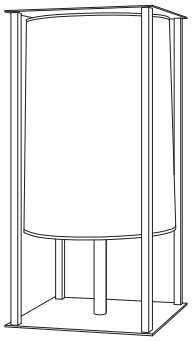

A modern take on the traditional lamp, the Lagune combines a solid oiled Wenge structure with a colored, hand-blown glass or alabaster diffuser. Available in red, amber, or white alabaster, it can rest beautifully on a table or move with you outdoors, equally at home in the garden or a refined interior.

Rechargeable LED module with USB-C charge included.
Lanterne and LED module are not waterproof and should be moved indoors during rain, winter frost, and summer heat.
Refer to packaging chart for packaging costs.

ALTO HAND KNOTTED RUG
R33-474

100% Natural hand-knotted Alpaca wool rug in Creme with raised pattern in wool echoing the iconic Nagato. The rug features a finely tinted linen accent. 100 knots per square inch.

A non-slip rug pad is included with every Alpaca rug purchase.

Maximum width: 196.5"W (500cm)
Maximum length: 315" (800cm)

Rug length and width must be converted to a whole metric measurement (ie. Conversion is 1":2.54cm). Dimensions are approximate and can vary from 2% - 3% of the overall rug size.

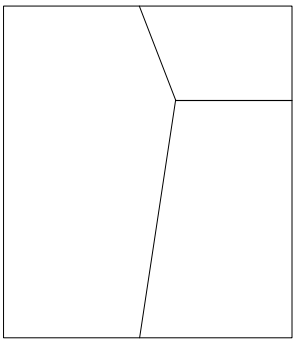

Available thread colors: Creme, Ficelle and Lichen.

Origin: EU

OPTIONS:

Creme (01-BO)	$145.00	$207.14
Gris (02-BO)	$150.00	$214.29

IBARA HAND KNOTTED RUG
R31-473

100% Natural hand-knotted Alpaca wool rug in Creme with raised pattern in wool echoing the iconic Nagato. The rug features a finely tinted linen accent. 100 knots per square inch.

A non-slip rug pad is included with every Alpaca rug purchase.

Maximum width: 196.5"W (500cm)
Maximum length: 315" (800cm)

Rug length and width must be converted to a whole metric measurement (ie. Conversion is 1":2.54cm). Dimensions are approximate and can vary from 2% - 3% of the overall rug size.

Available thread colors: Creme, Ficelle and Lichen.

Origin: EU

Gris (02-BO)	$150.00	$214.29

	NET / SQ.FT	LIST / SQ.FT

ILET HAND KNITTED RUG
R30-165

Hand woven rug made of aniline dyed or vegetable tanned sisal. Color may change over time due to being a natural material.

Rug can be woven into vertical or horizontal bands of varying widths but the maximum width of each band is 17.5". It can also be woven into squares.

Dimensions are approximate and can vary +/2" due to the open weave construction. Non slip pad is required for use on hardwood/stone floors.

A non-slip rug pad is included with every sisal rug order. The rug pad is made of a soy bean oil-based polymer.

MANILLE WOVEN RUG
R33-194

Woven rug made of abaca fibers.
Colors are achieved by naturally sourced abaca fibers, color may change over time due to being a natural material.

Rug is reversible and identified by either straight or herringbone weave. Direction of the weave runs parallel to the two 1/2"W borders. The first dimension provided must be the border side. The second, perpendicular side is 236" (6m) maximum.

Dimensions are approximate and can vary from 2%-3% of the overall rug size.

A black non-slip rug pad is included with ever order.

GENERAL INFORMATION

TEXTILES

Many of our textiles are made from natural materials ergo no one dye lot will match precisely. These differences are considered natural and acceptable. Slubs are inherent in most natural fibers and are not considered flaws. No allowances or returns will be made. Dyelots will vary. If precise matching is required please request a cutting for approval (CFA). The minimum order for textiles purchased separately from LIAIGRE upholstery is 8 yds (7.5 meters).

LEATHER

Leather is a natural material so please note stretch marks and imperfections are inherent. Extra hides may be required if these natural elements are to be minimized.

Clean leather with a soft dry cloth and never apply chemicals or liquid cleaning materials.

For leather purchased for use outside of upholstery by LIAIGRE workrooms, please note you will be charged for the actual square footage of leather hide sold.
The minimum order for leathers purchased separately from LIAIGRE upholstery is 4 hides (approximately 108 sq ft / 10 sq m)

LIGHTING Please refer to each lamp in the price guide for specific dimensions, finishes, bulb requirements or (if available) UL Listing. The

table and
floor lamps have switches located on the cord unless noted otherwise. Paper lampshades are available for each lamp
(except for lamps with attached metal shades) and are sold separately. All LIAIGRE, Inc. lamps are wired to U.S. 120V standards.

International wiring, where possible, is available upon request. Plug style must be specified at time of order.

To care for your lighting please note the following:

- Metal finishes are susceptible to tarnish, pitting and patinas. Clean with a soft dry cloth.
- Never apply professional cleansers.
- Shades can be vacuumed with the soft brush component.
- Never wrap lighting in plastic. Extended exposure to plastic wrapping will cause the metal to tarnish.

Please note, cast bronze lamps may have areas on the surface where finish may appear lighter or small holes (pitting) can be seen. This is a natural result of the casting process and cannot be controlled. This is not considered a defect or flaw.

Shades are made from a high quality, watercolor cotton paper. Variations in color, texture, and overall appearance of shades may vary and should not be considered a flaw.

OUTDOOR FURNITURE

Teak is a hardwood known for its ability to withstand harsh outdoor elements. Its ability to resist water and naturally repel insects is due to the woods natural oils. These oils will rise to the surface in newly constructed teak, a process that cannot be prevented and may cause soiling on the bottom of cushions ergo we do not recommend reversible cushions. Additionally, the wood will
collect dust as the oil is being released. To clean the surface scrub with a non-abrasive brush and a mild detergent diluted with water. Solid wood will crack over time with exposure to elements. This is not considered a defect or flaw.

Our outdoor furniture (FOB: Dallas, TX) is available in three finishes

- The NATURAL finish will silver over time. To maintain the natural finish the wood can be sanded with a 320 grit sand paper. Sand in the direction of the grain and wipe off any residue of dust with a dry, soft cloth.
- The WEATHERED finish creates the silvery patina created naturally over time. This finish can be removed by following the cleaning instructions of the natural finish.
- The OILED finish is darker than the natural finish. This finish must be maintained by sanding and application of teak oil every six months. We recommend teak oil from brand names such as Watco or Semco.

  Outdoor items made in France (FOB: EU) are made in Oiled Assamela and Solid Wenge wood, which is the most comparable to Natu-ral Teak in color and sheen.

  For outdoor covers using specialty materials (Sunbrella or other suitable outdoor fabrics) please submit a quote request for pricing.

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

GENERAL INFORMATION

OUTDOOR FURNITURE, Continued

The cushions are made with EZ-Dri poly foam with an additional Dacron wrap for softness and are intended for outside use. They are quick drying and mildew resistant. Because of the natural oils from the teak they will stain and collect dust that can mildew ergo it is important to maintain the cushions by washing them with a sponge, mild detergent and warm water. Leave to air dry on all sides.

When a thin or transparent fabric is selected for use on outdoor pieces, a special ticking is required beneath the fabric. There will be an upcharge per cushion for this ticking. Please refer to the LIAIGRE Upcharge Chart for more information. As an alternative, double the COM requirement can be sent, thus the upcharge and ticking do not apply. This upcharge is also waived if CL outdoor fabric is specified.

UPHOLSTERY

All upholstered frames are constructed of kiln-dried hard woods and are doweled, glued and screwed at all key joints. In most cases sinuous springs and/or webbing are used. All loose seat cushions, unless otherwise specified, are a 50/50 combination of down and feathers over a foam core. All loose back cushions contain a 50/50 feather and down core.

Upholstery orders are placed into production upon receipt of all COM/COL, complete order information (ie. finish specifications or COM/COL application) and the required deposit. Please note, COM/COL is not inspected until order is ready for production. CL Inc. is not responsible for damages to COM/COL delivered well in advance of production start date, and CL Inc. is also not responsible for delays in production due to improperly sidemarked COM/COL.

The amount of plain fabric or leather required is noted in the text of each upholstered item. Textiles with repeats may require additional yardage. Please refer to the COM Yardage Chart on the next page for calculation of the additional amounts required.

All silk and linen fabrics must be knit-backed, even for application on pillows. Use of Calf hides and Cow half-hides may require extra seaming and additional square footage. In addition, please note the following:

- Augustin and Ocean Sofas and Sectionals: all COM for the back cushions must be knit-backed except heavy upholstery and high pile fabrics.
- Knitbacking is available on LIAIGRE textiles for an additional charge. Please refer to the LIAIGRE Upcharge Chart for additional information. There is also a fixed inspection fee for each pattern/color per order that is received at the same time. An additional 1/2 yard of extra fabric per piece is required for textiles being knitbacked to accommodate for shrinkage and work loss.

High pile fabrics, such as velvets or mohairs, may show warping along sewn seams, folds or on a welt. Therefore, we do not recommend self-welting or saddle stitching with high pile textiles.

BEDS

The beds are manufactured to fit standard U.S. mattress sizes in width and depth (see dimensions below). Please refer to each bed listed in this price guide for recommended mattress heights which are based on the design proportions of the bed.

Standard mattress sizes are:

- Queen : 60”W x 80”L
- King : 76”W x 80”L
- California King : 72”W x 84”L

LIAIGRE, Inc. does not provide boxsprings or mattresses for purchase.
Bed orders must be accompanied by the LIAIGRE Bed Form provided in the back of this price guide, on the website or through your sales agent. This form indicates the recommended mattress and boxspring (if applicable) dimensions.

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

GENERAL INFORMATION

RAILROADING

For minimal seams on large upholstered items, railroading plain, non directional COM is recommended. If COM is specified "Do not railroad", additional seams may be required and will be placed at the discretion of CL, Inc. unless specifically noted by client or order.

SLIPCOVERS

LIAIGRE offers unlined slipcovers for specific designs. Every slipcover is hand tailored to the specific sofa or chair at the time of order. Therefore, it is recommended to order additional slipcovers at the time the sofa or chair is produced to ensure a proper or tailored fit. If the additional slipcover is ordered after the piece is completed and shipped we cannot guarantee a tailored fit unless the sofa or chair is shipped back to factory. High pile fabrics, such as velvets or mohairs, may show warping along sewn seams or folds. Therefore, heavy or high pile fabrics are strongly advised against for use on slipcovers.

DIMENSIONS

Please note, due to the nature of our products being hand made, all dimensions are approximate and are within a +/- 1/2" of published dimensions unless otherwise noted in the item description.

All French Production items, FOB EU are made using metric sizing and converted approximately to imperial sizing.

COM/COL (Customer's Own Material/Customer's Own Leather)
COM/COL also includes LIAIGRE textiles or leather since these are sold separately from upholstery.

For select upholstery, only LIAIGRE leather may be specified. Please refer to the COM/COL specifications for each product.
The COM/COL Application Form must accompany all upholstery orders to ensure proper application of the fabric or leather. Please attach a sample of the textile and a drawing with clear indication of the application. Each fabric requires its own COM/COL Application Form. Please indicate your preferences for the fabric application (ie. railroad or do not railroad). Otherwise, it will be left to the discretion of the workroom and LIAIGRE, Inc. The COM Application form may be found in this price guide, the LIAIGRE, Inc. website or showroom.

COM/COL must be labeled properly to ensure proper identification and assignment to the furniture order. So as not to delay production, please make sure the sidemark on each package includes the following information:

- Customer Name and Sales Order Number
- Item(s) Ordered
- Textile Name
- Sidemark

LIAIGRE cannot take responsibility for the performance or quality of other suppliers COM/COL. COM/COL is not opened or inspected until it is on the cutter's table, ready for production. If we find a COM or COL is unsuitable for upholstery (ie. contains flaws) we will hold production and inform the showroom sales representative immediately. The order will go back into production once the issue is resolved and/or replacement COM/COL is received at the factory. Liaigre is not responsible for COM/COL delivered to our workrooms prior to a fully complete/placed order. Upon completion of an order, unless otherwise specified, remaining COM/COL will be discarded.

Please ship COM/COL pre-paid to the factory as indicated under each item listed in this price guide. If COM needs to be rerouted internationally: client to provide LIAIGRE with a shipping label with their common carrier (FedEx, UPS, DHL, etc.) account information. The addresses are as follows:

ORIGIN: EU (A, B, C, D, E, F, H, I): LIAIGRE, Inc. 58 Quai de la Marine Ile St. Denis, France 93450	ORIGIN: Dallas, TX: LIAIGRE, Inc. 2007 North Royal Lane, Suite 100 Dallas, TX 75229

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

GENERAL INFORMATION

COM YARDAGE CHART

COM yardage requirements listed in this price guide are based on 54" wide solid or plain textiles. Additional yardage may be required when using textiles with patterns or if they are less than 54" wide so please use the guide below for calculating the additional requirement. LIAIGRE, Inc. is not responsible for under or over quoted COMs.

Note: if your order specifies special COM pattern placement or centering, please inquire with your sales representative or showroom as additional yardage (beyond what is listed below) may be required.

Fabric Width	plain	2"-14" repeat	15"-19" repeat	20"-27" repeat	28-36" repeat	37"-45" repeat	46"-54" repeat	55"-63" repeat	64"-72" repeat	73"-81" repeat
54" (137cm)	0%	10%	15%	20%	25%	30%	35%	40%	45%	50%
50" (127cm)	10%	20%	25%	30%	35%	40%	45%	50%	55%	60%
48" (122cm)	15%	25%	30%	35%	40%	45%	50%	55%	60%	65%
45" (114cm)	25%	35%	40%	45%	50%	55%	60%	65%	70%	75%
36" (92cm)	50%	60%	65%	70%	75%	80%	85%	90%	95%	100%

There is an upcharge for matching plaids, stripes, and patterns with more than 20" repeat.

Please refer to the LIAIGRE Upcharge Chart for more information. This also includes specialty and quilted fabrics.

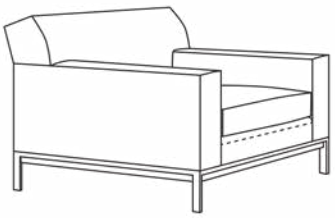

LEATHER USE FOR UPHOLSTERY

LIAIGRE, Inc. does not upholster using Kidskin, Super Kidskin, Pigskin, or other exotic hides. Use of Calf hides, Cow half-hides, or Cow split suede may require extra seaming and additional square footage (see illustration below), and is not recommended for pieces with large cut sizes unless additional seams are desired. Please contact your Sales Associate for more information on specific items.

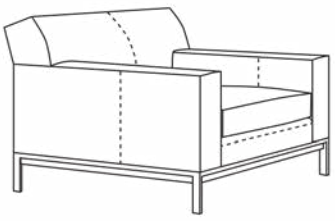

There is an upcharge when applying leather on fully-upholstered pieces for additional labor of working with leather, unless otherwise noted.

Below are representative illustrations of the possible extra seams required for various hide sizes:

Full Cow Hides
Average 45-55 square feet per hide
Average size: 60"W x 72"H

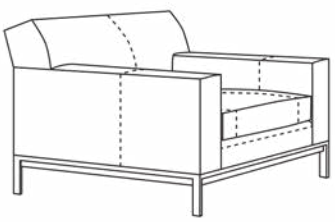

Half Cow Hides (Standard LIAIGRE leather)
Average 27 square feet per hide
Average size: 30"W x 80"H

Cow Split Suede Hides
Average 15 square feet per hide
Average size: 38"W x 40"H (square)

Calfskin Hides
Average 8.5-12.5 square feet per hide (LIAIGRE Cavallino)
Average size: 38"W x 43"H

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

GENERAL INFORMATION

FURNITURE FINISHES

Many of the materials we use are natural materials and are, therefore, subject to variations in color, texture or appearance. This is part of the inherent beauty in these materials and are not considered defects. Wood finishes may appear differently from one piece to another based on many factors such as, and not limited to: stain/color, wood species, solid wood versus veneer or the cut of the wood. LIAIGRE, Inc. provides each showroom with finish samples but these are to be used for reference only.

Please refer to the LIAIGRE Finish Chart for a list of our current finishes. Please see each item listed in the price guide for specific applications and pricing. Premium finishes are an additional upcharge of the price, unless otherwise noted.

CUSTOM FINISHES

Custom finishes, when feasible, are charged as a flat development fee of $500 for wood, open grain, stained finishes and $650 for lacquers and specialty finishes. This fee includes (1) SFA (Sample for Approval). Additional SFA's will be charged at $250 each for stained finishes and $300 for lacquer and specialty finishes. Specialty finishes are considered those that are cerused, wirebrushed, sandblasted and high gloss. Please provide a large sample of the color and required specifications such as sheen level with the order. SFAs should be reviewed in lighting conditions equal to the installation conditions and viewed at a distance and in context of it's final usage. Please allow a minimum of an additional 4-6 weeks for custom finish development.

CUSTOM QUOTES

Custom quote forms (available for reference in this Price Guide, on our website, or via your Showroom or Customer Service representative) must be submitted for custom requests. A drawing from the customer may be requested by LIAIGRE, Inc. to ensure proper interpretation of the custom request. Please allow 10 business days for Custom Quote processing.

All custom quotes are valid for 60 days. Customized pieces require longer production lead time and will be specified in your quote. If the quote becomes an order, the customer is required to approve a custom drawing provided by LIAIGRE, Inc. before production can begin. Production will not begin until a signed or approved DFA is returned from the client, even if all the COM and deposits are received. There may be times where, for technical or aesthetic reasons unforeseen at the time of quoting, a revised mid-production DFA may require a new signature. In those cases, production will be placed on hold until the revised DFA is signed and returned to LIAIGRE, Inc.

STANDARD LEADTIMES

Please consult with your sales representative for current leadtimes.

Leadtimes for EU production include Ocean Transit. Please note, leadtimes are estimated and subject to change based on varying circumstances. In order to insure an accurate estimated delivery date, please speak to the Client Services Manager upon confirmation of item(s) completion.

Leadtimes quoted are estimated and do not include packaging or shipping to final destination. The leadtimes increase by two to four weeks before the Summer and Winter holiday seasons. Please consult with your sales representative to obtain the most current leadtime.

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

GENERAL INFORMATION

CARE AND CLEANING

Each piece of LIAIGRE furniture is manufactured with the utmost care. Natural materials are carefully selected however it is important to note that it is impossible to eliminate the character and peculiarities found in each piece of wood, stone or hand patinaed finish that make each piece unique. LIAIGRE embraces these qualities as they reflect what is true to nature.

CARPET MAINTENANCE

LIAIGRE carpets are entirely knotted by hand using traditional methods. If you wish to place your sisal carpet outside, it is imperative to put it under a roof, sheltered from the rain, the sun and the moon. Sisal is a natural material and can change in color over time. Natural shades will brown, and white shades will yellow. During installation, do not shake out the rug. Gently unfold and place it. To remove dirt use a cot- ton cloth dipped lightly in white vinegar and dab in the designated area. Please test a small area first. In case of staining, soak a cloth with cold water and rub lightly. Then dry immediately using a dryer.

You may find that the silk and wool carpets present slight creases or marks when unpacking after transportation. We recommend using a warm iron on the back of the carpet, without direct pressure on the marks. Lint may appear when the carpet is new. This phenomenon is normal, and will disappear with time. For regular maintenance, the use of a vacuum cleaner is sufficient. For small stains, apply lukewarm soapy water to the cloth, then rinse and air dry. Do not use a dryer. For larger maintenance, contact a specialist.

LAMPSHADE MAINTENANCE

Lampshades should be cleaned with a soft dry brush. In case of light traces on an aquarelle paper shades, gently rub with a white eraser.

LACQUER MAINTENANCE

The work of lacquer on wood is achieved by applying very thin layers of colored paint, with each layer being thoroughly dried before ap- plying the next round. Each layer is polished after application, which brings out the intensity of the material. Clean only with a soft damp sponge or chamois cloth and neutral soap. Do not use an abrasive sponge as it may scratch the furniture, or solvents that may damage the finish.

LAVA STONE MAINTENANCE

Lava Stone is a natural, porous material which is a slate gray color in its natural state. The black finish is achieved by applying a high per- formance, colored solvent that protects and nourishes the stone's surface. This solvent is an effective oil and water repellent; however, the tables will require maintenance and proper care. We suggest covering them when not in use to avoid prolonged exposure to dirt and water. Never scratch the stone with an abrasive, sandpaper or steel wool that could alter its patina and do not use harsh chemical cleaners or oil based products. Immediately remove all soap residue and dry thoroughly, using a sponge or dry mop when cleaning.

Keep the stone away from acidic liquids (soda, alcohol, vinegar, lemon). In case of spills, quickly wipe up the liquid and do not allow it to dry. Grease can penetrate into the stone and leave dark spots. Use a soft brush with neutral soap, wipe off excess moisture with a dry cloth. Clean with water and gently brush with neutral soap in case of staining. If the stains are stubborn, consult a stone specialist. The lava stone is protected by a layer of water repellent or patina but it is advisable to repeat the treatment annually with a specialist. The patina may rub off onto lighter surfaces. Protective material, such as felt is recommended under these items.

LEATHER MAINTENANCE

No two skins are ever the same. Unique markings are intrinsic to this natural material (scars, wrinkles, insect bites, and small differences in grain print due to changes in thickness). LIAIGRE leathers are full grain and selected according to exceptional quality criteria. They are treated to resist light and are fireproof. It is recommended not to expose the leather to direct sunlight and lunar rays, or be placed near a radiator, to prevent it from bleaching, drying and hardening. In case of liquid splashing, clean immediately to help avoid stains. For general cleaning, use a damp chamois cloth and neutral Marseille soap. In case of a stubborn stain, or stain on nubuck, call a professional.

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

GENERAL INFORMATION

CARE AND CLEANING
METAL AND BRONZE MAINTENANCE

Some of our furniture and lighting is made of brass or bronze. These materials will never rust, but they can oxidize and patina over time, making each piece unique. The treatments and varnishes applied to these metals help delay the oxidation process. Our finishes are hand applied to these materials by master craftsmen who recommend that chemical cleaning products be avoided. The finish on many of our Bronze pieces is hand applied patina and/or tinted wax. These finishes are meant to age with use. The patina may rub off onto lighter surfaces. Dust can be cleaned off by using a slightly damp or soft cloth. Protective material, such as felt is recommended under these items.

Many Bronze pieces are cast Bronze. The casting process may cause pitting to occur in the surface. This is not considered a flaw or defect. Polished cast bronze items may oxidize over time and may require maintenance with special metal polish.

MARBLE MAINTENANCE

Marble is a natural material with variations to be expected in color and veining. Some stones will include pits or fissures as a result of geological formation. These differences are part of what makes the stone unique. Natural stone requires regular care and maintenance. Never use chemical products, anti-scale cleaners, stain removers or greasy products (bleach, household products, etc.).

To clean the stone, we recommend using a mixture of neutral pH soap and water. Wipe of residue and clean off excess moisture with a dry towel. Wipe liquids or spills on the stone immediately with absorbent paper. Do not let moisture sit!

Use extra precaution in protecting stones and avoid direct contact with the following products:
- Acidic or corrosive liquids (vinegar, orange/ lemon juice, wine, soda, etc ...)
- Greasy products (food, edible oils)
- Colored liquids (ketchup, curry sauce, etc ...)
- Hot pans or pots

We recommend felt pads between heavy objects and the surface of the stone.

Keep in mind that cracks in the stone or worktops may occur if temperature changes suddenly. If the stone has been heated, allow it to cool on its own and not to cool it with cold water. Do not remove sticky substances from the stone with an aggressive cleaning product or by scraping it. Carefully remove the sticky residue with a plastic spatula and then clean with soap as explained above. In case of stubborn stains, we recommend that you contact a stone specialist.

OUTDOOR MAINTENANCE

For outdoor furniture, we recommend maintaing the wood annually by cleaning it with soapy water to remove impurities. Wipe off any excess residue. Light stains on natural unvarnished woods can be removed by using a fine sandpaper and rubbing in the direction of the grain of wood.

For oiled products we recommend reapplying a protective oil to restore its natural shine annually as needed. In case of bad weather, remove the cushions from your seats and store them in a cool and dry place.

Waterproof protective covers will extend the lifetime of your outdoor furniture but should be removed for proper air drying after bad weather or high humidity.

PARCHEMIN CONSOLE TOP MAINTENANCE

A feather duster is recommended for general cleaning. Should a spill occur, wipe all wet surfaces immediately and allow parchment to completely dry before putting anything on top of the surface. Placing objects on wet surface may alter the color of the surface. Parchment is porous and will change in color over time. This is part of the natural characteristics of this material and is not considered a flaw.

GENERAL INFORMATION

CARE AND CLEANING

TEXTILE MAINTENANCE

We recommend professional dry cleaning for fabrics. To maintain and care for your textiles please note the following:

- Periodic vacuuming and brushing of all textiles helps remove dust and soil from becoming embedded in the fibers.
- Turn and rotate cushions after vacuuming to prevent excessive wear.
- Avoid placing newspaper on any textile as the inks will permanently stain and discolor the textile.
- Avoid exposure to direct sunlight as this will cause fading. In the event cleaning is required, use a professional dry cleaner only.

TULLE MAINTENANCE

Tulle is an artisinal and unique finish. It is a resistant work of art, difficult to scratch and relatively impervious. For routine maintenance, use a damp chamois cloth.

Avoid prolonged exposure to wet objects (champagne buckets, wet glasses etc.). Any liquids spilled on the surface, should be wiped off immediately. To clean, lightly dampen a lint free cloth with water and wipe. A mild dishwashing detergent may be used if necessary, with care to remove a stain. Industrialized cleaning products should never be used.

In case of wine stains, immediately absorb the liquid with a dry cloth. Apply warm water, then pass a soft brush soaked with neutral soap, and finally wipe with a damp chamois cloth.

WOOD MAINTENANCE

On satin wood furniture, use a damp chamois cloth for routine maintenance. A slightly damp cloth will bring a beautiful shine to your furniture. A microfiber cloth or a damp chamois cloth can remove dust or oily traces. Do not use an abrasive sponge as it may scratch the furniture. Industrialized cleaning products should never be used.

For Pine, Sandblasted or Oak, Wirebrushed, use a feather duster or a soft bristle brush or vacuum with brush attachment to clean between grooves to remove dust.

Do not use a microfiber cloth to wipe the surface as it may catch the wood and splinter. Over time, splintering may occur and is not considered a flaw. Protective coverings (leather desk mat, placemats, etc) are recommended for use on furniture with textured wood finishes.

As with all wooden furniture, wet objects (champagne buckets, wet glasses, etc.) should not be placed directly on tabletops. Any liquids, especially alcohol, spilled on the surface should be wiped off immediately.

Light stains on natural unvarnished woods can be removed by using a fine sandpaper and rubbing in the direction of the grain of wood.

Since wood is a living matter, exposure to moisture or prolonged contact with the sun or moon may modify its structure and original tint.

TERMS AND CONDITIONS

These terms and conditions pertain to all website users and purchasers of any LIAIGRE, Inc. products. No employee or other representative of LIAIGRE, Inc. has any authority to waive these policies and only the President or Chief Executive officer has authority to waive any provision of these Terms and Conditions. Any waiver must be in writing signed by the LIAIGRE, Inc.'s authorized representative. This requirement for signed and written consent is not waiveable.

Further, to the maximum extent permitted by law, if any term or condition on any purchase order or other LIAIGRE's goods or service is inconsistent with any of these Terms and Conditions, such inconsistent term or condition shall automatically be deemed stricken from such order or other offer and sale be of no force or effect, but the remainder of such order or other offer shall be unaffected by such deletion and shall remain valid and outstanding.

ACCOUNT REQUIRED

Design Professionals must have an account in order to receive information, sampling, place orders or purchase products at the wholesale price. All new accounts are required to complete an account application and submit a signed, current resale certificate. All accounts which do not submit this information will be charged the list price and all taxes required by law. Forms can be found through our representatives, customer service and on our website www.studioliaigre.com. Once an account form and resale certificate has been received and processed, correspondence indicating your account terms and identification number will be sent via mail or email.

QUOTES

Quotes are honored for 30 days from the date LIAIGRE, Inc. issued the quote, unless otherwise specified, at the time the quote is provided. If any element of the quote is changed, the original quote is null and void and a new quote will be issued.

RESERVES

Reserves for textiles and leather will be honored for 20 days. If the product is not purchased within this time frame the product will be released from the reserve.

CUTTINGS FOR APPROVAL

Cuttings for approval (CFA) are available upon request, with the exception of Cavallino leathers. As dye lots vary it is recommended that a CFA is requested when matching. All stated repeats are approximate. Please inform your sales person or customer service agent if a specific size is needed for the cutting so that we can accommodate your needs.

FURNITURE LOANS

LIAIGRE, Inc. may loan casepieces, upholstery and lighting for 3 working days, but written approval by LIAIGRE, Inc. is required. A deposit for the full value of the requested piece(s) must be submitted to LIAIGRE, Inc. prior to the loan pick up. The client is responsible for all shipping, packing, dock services, insurance and any other incurred or related expenses. If the item is damaged or returned after 3 days, it will be considered sold and refunds will not be accepted.

MASTER SAMPLE LOANS

In an effort to preserve our Master Sample library, LIAIGRE, Inc. will charge a fee of $750 per (1) Master Sample that is loaned at a time. We accept credit cards as formal payment via our PaySimple Link. Once the sample has been returned, in its original condition, LIAIGRE, Inc. will refund the original credit card used. Please allow processing time of up to 14 days. Shipping labels (return labels included) will be provided by LIAIGRE, Inc.

PRICING

Our price guide reflects both NET and LIST pricing. Prices are subject to change without notice and all prices must be confirmed by LIAIGRE, Inc. at the time an order is submitted. The prices do not include insurance, shipping, installation or taxes. Prices are per the FOB location noted below each item in this price guide. Shipping Charts for in-stock textiles, leather and lighting can be found in this price guide. Furniture and made-to-order lighting shipping charges can be quoted by a sales representative or the LIAIGRE Customer Service Department.

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

TERMS AND CONDITIONS

ORDERING

LIAIGRE, Inc. will accept orders directly through customer service or through our representatives. All new trade customers are required to complete an account application and provide a resale certificate prior to ordering.

ACCEPTANCE OF ORDERS An order is not considered firm until LIAIGRE, Inc. provides a written acknowledgement of the order with receipt of the required deposit or full payment. Prior to acceptance of a purchase order LIAIGRE, Inc. reserves the right to make changes in prices, design, construction, material and dimensions or discontinue the product without notice. Customers placing an order after the implementation of any such change shall constitute conclusive evidence of Customer acceptance of the current version of the product and terms and conditions of sale.

PAYMENT

All orders are subject to Payment before Delivery (PBD) terms unless a Net 30 account has been established prior to receiving an order. Net 30 terms are available for textiles, leather and lighting only. A minimum deposit of 50% of the total value of the order including sales tax (if applicable) is required on out of stock or made to order items. The full balance of the order is due upon the completion of production of items ordered inclusive of shipping, handling, insurance and tax prior to the order being released.

100% of payment is due for all current in-stock lighting, textile and accessory inventory items.

Customers will be invoiced for the balance due on each order approximately 2-3 weeks prior to the anticipated completion of the order. Full payment is due upon receipt of the invoice. In the event a defective item is received, LIAIGRE, Inc. reserves the right to repair or replace the item. The customer has no right to refuse such reparations or replacements and is unable to dispute credit card charges or cancel checks in the event an item is defective. The customer will honor previously authorized or delivered checks, whether as a deposit, storage fee, interest, late charges or any other payment or balance due. A “return of credit” can only be authorized by LIAIGRE, Inc. at its sole discretion. The customer will be held liable to the fullest extent allowed by law for cancelled payments or charge backs.

TAXATION

The customer is solely responsible for the payment of all sales taxes or any other taxes associated with an order. If a customer wishes to have the sales tax exempted from an order as a purchase for resale the customer must provide a valid and current resale certificate or other appropriate written confirmation that the items are being purchased for resale. The customer is solely responsible for meeting all regulatory requirements to be exempt from any applicable state sales tax for any sale.

CHANGE ORDER REQUESTS

If at any time, a customer would like to request a change to their order, a written confirmation of the change request is mandatory. LIAIGRE, Inc. holds the authority to approve or reject any change requests in writing. While LIAIGRE, Inc. will carefully consider timely and reasonable change requests, it is not obligated to accept them, recognizing the potential challenges or impossibility of modifications once the manufacturing process is underway.

The customer is granted a 48-hour grace period, starting from the time of the order confirmation, to submit any desired changes to the order. Beyond this 48-hour period, LIAIGRE, Inc. is not obligated to entertain any changes to an order, except for modifications involving the Client’s own Fabric or Client’s own leather.

Accepted changes are subject to additional charges covering material, labor, or administrative costs, as well as an extended lead time of 3-4 weeks. Upon the submission of a change request, the order will be temporarily held until LIAIGRE, Inc. communicates its approval or denial of the request.

PRODUCTION SCHEDULING AND PENDING ITEMS An order is considered ready for production when all pending items and specifications are confirmed by the customer including, but not limited to, COM (customers own material), COL (customers own leather), application instructions, drawing, finish or cutting for approvals and associated payments. Production will begin upon receipt of all required materials that are applicable.

If within 3 months after the order has been accepted by LIAIGRE, Inc. the pending items, specifications or payments have not been received the order will be considered abandoned and will be cancelled.

LIAIGRE, Inc. will provide an estimated production completion date for all orders. All completion or delivery dates are estimates. The customer acknowledges that the estimated completion and delivery date is approximate. Various factors affect the production and delivery of items. LIAIGRE, Inc. will not be held liable for any production delay or inaccuracy of estimated completion or delivery dates.

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

TERMS AND CONDITIONS

ABANDONED ORDERS AND COLLECTION
If LIAIGRE, Inc. has not received the balance in full within 30 days after the order has been completed and prepared for shipping, the customer acknowledges that LIAIGRE, Inc. may:
1. Withhold delivery of any and all orders until delinquency is paid in full
2. Apply against any balances collected on the customers other orders. LIAIGRE, Inc. will notify the Customer in writing of such reallocation of funds and identify the affected orders. LIAIGRE, Inc. is not obligated to continue to process any of the Customers orders until the customer has paid in full all deposits and balances due.

If within 3 months a completed order has not been paid in full or when it appears that the customer is unable to pay the balance due, LIAIGRE, Inc. has the option to retain the initial deposit, sell the produced product and retain the proceeds as liquidated damages incurred by the customers' breach. LIAIGRE, Inc. and the customer agree that the forfeiture of deposits and the liquidation of the produced product as described above is a reasonable method of compensation for damages which may be incurred by LIAIGRE, Inc. as a consequence of the customers' breach of the terms and conditions of sale.

EXCHANGES
Customers who wish to exchange in-stock lighting (only) for another in-stock lighting product may do so within the 10 days of delivery. Items not exchanged within 10 days will be subject to a 10% exchange fee in addition to replacement freight charges. All exchanged merchandise must be returned in its original condition & packing. LIAIGRE, Inc. reserves the right to refuse to accept damaged merchandise. Exchanged goods will only be sent out upon receipt of original order return. A store credit will be issued to the customer's account if there is a balance for the exchanged product.

NO CANCELLATIONS OR RETURNS POLICY All sales are final. All made-to-order items are not cancelable after an order has been put into production. All stocked textiles, leath- ers and accessories are returnable within 7 days of receipt, with a 25% restocking fee. Items must be returned in the same condition received. If the customer is not satisfied with the purchase the customer must inform LIAIGRE, Inc. within seven days of receipt of item(s). LIAIGRE, Inc. will work with the customer to resolve the problem; however, LIAIGRE, Inc. is not obligated or required to accept the return of any item.

SHIPPING, STORAGE AND DELIVERY
For all orders, the customer is responsible for all fees including freight, packaging, unpackaging, duties, custom clearance, removal of refuse, VAT, installation, set up fees and insurance.

Shipping, packaging and insurance charges are determined by the size, weight and value of the product and its final destination. Unless directed by the customer, LIAIGRE, Inc. will make all shipping arrangements and all items will be packaged in an appropriate carton/ crate.

Shipping to Hawaii, Alaska and anywhere outside the United States must be discussed and arranged directly with LIAIGRE, Inc.'s customer service department.

It is the responsibility of the customer to advise LIAIGRE, Inc. of any special delivery conditions such as limited access, stairs in excess of one flight, narrow doors and/or hallways. Special accommodations may be arranged and additional charges are incurred at the expense of the customer. If LIAIGRE, Inc. is not informed prior to delivery, additional charges will either be charged directly to the loca- tion or other delivery arrangements will need to be made. If the customer refuses to pay the additional fees the shipper is not required to deliver the product and previously paid shipping charges will be forfeited.

Please ensure that all items ordered will fit in areas required for delivery. Post production knock down service may not always be available. LIAIGRE, Inc. is not responsible for items ordered in one piece that do not fit in delivery spaces. LIAIGRE, Inc. is not responsible for determining if items ordered will fit into spaces for delivery. If items are required to be built and shipped in parts, this must be specified at the time of order (available for an additional upcharge).

PH: (212) 257-6136. F: (212) 257-6137
info@studioliaigre.us

TERMS AND CONDITIONS

FREIGHT CLAIMS

The legal title of orders and products remain with LIAIGRE, Inc. until receipt of all balance due payments are received. Once the item is fully paid, the title will pass to the customer and all costs of related storage, shipment of or loss/damage shall reside fully with the customer. Any claim by the customer against LIAIGRE, Inc. or the freight carrier for shortage or damage occurring prior to such delivery must be made in writing within ten (10) days after receipt of shipment and accompanied by original transportation bill signed by the carrier noting that the carrier received the goods in the conditions claimed. Returns require LIAIGRE, Inc.'s written approval prior to delivery.

It is imperative to inspect all packages at the time of delivery in order to file and procure a freight settlement. Should a package be visibly damaged please follow these instructions:

- Take at least 3 photos of the damaged package
- If damaged, do not accept or sign for the package and item
- Indicate on the BILL OF LADING: "Item damaged, not accepted"
- Return package with item to the original driver

If the item(s) is to be accepted without proper inspection:

- Please note on the BILL OF LADING: "Received but not inspected; any concealed damages will be the responsibility of the carrier or LIAIGRE, Inc."
- Take at least 3 photos to document condition of package and item
- Unpack, save all packaging and inspect item

If the item(s) is damaged:

- Take at least 3 photos of the damaged item
- File a claim immediately with the freight company and advise LIAIGRE, Inc. Customer Service of the claim
- Submit photos to both the freight company and LIAIGRE, Inc.
- Save all photos, correspondence, damaged item and packaging

Parcel delivered damaged by USPS, UPS, FedEx, etc.:

- Must be noted to the driver at the time of delivery
- Please contact parcel carrier and LIAIGRE immediately to report a damage claim

If you need any assistance during the receiving process, please contact: LIAIGRE, Inc. Customer Service.

STORAGE FEES

If after 30 days of order completion, you require LIAIGRE, Inc. to continue storing the order, charges will be incurred. Acceptance of extended storage is at the discretion of LIAIGRE, Inc. Charges will be calculated based on the size and quantity of items along with the duration of time the goods are stored. Goods will not be released until all charges including storage are paid in full.

COPYRIGHT AND INTELLECTUAL PROPERTY

The images, designs and information contained on the LIAIGRE, Inc. website, catalogues, brochures and samples are protected under various United States and International patent, trademark and copyright laws and are owned and controlled by LIAIGRE, Inc. or by the original creators. The images, designs and information contained in the LIAIGRE, Inc. sales/marketing materials are to be used solely in connection with the prospective purchase of said products, materials and services. Any other use of materials including but not limited to copying, reproduction, modification, duplication, distribution, sales, republication, display, posting, downloading, public advertising, manufacturing of product incorporating of images or design is prohibited. No trademarks may be used in connection with any product or service that is not the product or service of LIAIGRE, Inc. in any way that is likely to cause confusion among customers or the public or in any way that disparages or discredits LIAIGRE, Inc.

Customers may print, download and forward tearsheets displayed on the website for the purposes of ordering, provided all copyright and other proprietary rights are retained.

TERMS AND CONDITIONS

WARRANTY

All LIAIGRE, Inc. products are guaranteed to be free of defects in materials and workmanship at the time of delivery. Manufacturing of custom furniture and natural products such as leather, wood and stone does have moderate variations from showroom samples and previously constructed products of a similar type. While we make every effort to match finishes and dye-lots, we cannot guarantee an exact match. Such variances do not constitute a defect.

Should a product(s) be delivered in poor condition please follow the instructions under Freight Claims. LIAIGRE, Inc. will make every effort to assist in the resolution of the claim.

LIAIGRE, Inc. makes no warranty of any kind, expressed or implied and is not liable for any wear, tear or other changes in any product after delivery, including changes resulting from the environmental conditions or use of the product.
