

LIAIGRE

Care and Maintenance

Metal - Black Patina, Waxed

Cleaning Product(s):

Black microfiber with tags removed or black felt

Cotton gloves

Instructions:

Use a black microfiber with all tags removed or a piece of black felt for general cleaning and dusting. Avoid using edges and seams of microfiber that could scratch the surface of the waxed finish. Wear cotton gloves when handling waxed patinas.

Notes:

For bronze furniture and lighting, the color treatments used by LIAIGRE are made by master bronzesmiths who recommend avoiding the use of chemical cleaning products as well as acidic products (vinegar, champagne, white wine, lemon) that could damage the finish. Do not use harsh chemicals or over the counter cleaning products. Wear gloves when handling waxed bronze to avoid smudges and fingerprints.
