

LIAIGRE

Care and Maintenance

Rug - Ilet Sisal

Cleaning Product(s):

White Vinegar

Clean, white, lintless cotton cloth

Vacuum

Instructions:

For regular maintenance, the use of a vacuum cleaner is sufficient. Do not use vacuums with beaters. Remove dirt using a cotton cloth dipped in white vinegar. In case of staining, soak a cloth with cold water and rub lightly. Then dry immediately using a dryer. For deep cleaning, wet stain with 10% hydrogen peroxide. Pat dry with towel. Dry with hair dryer. The stain may appear white at first but will darken with time.

Notes:

For a larger maintenance, contact a specialist.
